TMLC Values

Adult tutors & mentors can make a life-enriching difference in the lives of inner-city children and youth.
TMLC Vision

- The Tutor/Mentor Lawyers Connection (TMLC) will be the most valuable resource for Chicagoland law firms and professional associations to enable creation and facilitation of constantly improving volunteer-based tutor/mentoring programs in their communities.
Mission

• To build awareness of TMLC among Chicagoland law firms, lawyer associations and individual lawyers

• To encourage members of the legal community to embrace and evangelize the tenets of TMLC, including mentoring-to-legal career support for disadvantaged children.

• To create a partnership with the Tutor/Mentor Connection to make this vision, mission and strategy a reality.
Mission

• To create and support internet and face-to-face learning forums to share ideas, best practices, and increase understanding of tutoring and/or mentoring concepts among members of the legal community and the broader business community.

• To encourage members of the legal community to view “tutoring/mentoring programs” as part of a long-term strategy aimed at increasing social capital and the network of adults helping kids move through school and into jobs and careers --- in the legal community--- and in other industries.
Mission

• Provide a consistent distribution of critically needed resources that volunteer-based tutor/mentor programs need to operate effectively, constantly improve, and maintain long-term connections between youth and volunteers.

• Assure a distribution of these resources and the involvement of members of the legal community at tutor/mentor programs in every high poverty neighborhood of the Chicago region.

November Conferences & Tutor/Mentor Week events

Jan. National Mentoring Month; Feb. Leadership Development

May Conferences & Tutor/Mentor Week events

Building public awareness requires consistent message delivery during each year, which repeats from year to year. Over time a small event, becomes a major event, because of how it grows from year-to-year. Since 1994 the T/MC has been building a calendar of event that starts in August with efforts that help programs recruit volunteers continues through the year as it helps programs train those volunteers and convert them into leaders. As the May conference celebrates the good work done during the year, it points everyone toward the work needed to start the next year.

By leading this call to involvement within the legal community each year TMLC and partners create greater public awareness of tutoring/mentoring, and greater traffic to web sites of the Tutor/Mentor Connections, TMLC, and individual tutor/mentor programs in Chicago.
